# Part A: Pupil premium strategy plan

## Statement of intent

At Ely St. John's the fundamental guiding principle for increasing the attainment of disadvantaged pupils is to ensure high quality teaching and outcomes across a broad, balanced and engaging curriculum in all year groups. High quality teaching and evidenced based approaches to learning have been shown to have a significant impact on the progress of disadvantaged pupils. Therefore, school leaders are using our Teaching and Learning Policy, in particular our agreed list of non-negotiables for teaching, learning and assessment, to ensure that the provision for all pupils meets the school's expectations. Through performance management and termly Pupil Progress meetings, teachers are held accountable for the progress and attainment of all their disadvantaged and vulnerable pupils. We aim to close the attainment gap between disadvantaged and non-disadvantaged pupils so that family circumstance or personal history do not limit the chances of academic and personal success.

As a school we retain our commitment (over several years) to significant staff training to maximise potential outcomes – including Cambridgeshire Therapeutic Thinking behaviour techniques; PACE and other strategies to support social and emotional needs. We acknowledge many of our Pupil Premium children have SEND and SEMH needs attached to this or to previous life experiences and expenditure is committed to building on associated strategies to ensure our training is being fully put into practice to support pupils in accessing learning successfully.

For Pupil Premium pupils who require additional academic intervention and support, we are using the pupil premium grant to fund some staffing costs for extra support for pupils. Some of these are literacy and numeracy based and some are to support social communication and to develop emotional literacy / social and emotional mental health. We are also using funding to ensure staff are trained in certain strategies in line with researched methodologies. The quality of teaching, any interventions support and pupil outcomes are regularly monitored to ensure pupils are making good progress, and interventions are chosen from evidence-based evaluations. The outcomes and progress of higher ability disadvantaged pupils are also regularly monitored by the headteacher, who works with Key Stage leaders and teachers to ensure that the needs of the whole spectrum of our Pupil Premium cohort are met.

Improving access to opportunities is an important aspect of our strategy also. We part fund school residential trips as well as school after school club fees and individual musical instrument tuition. The take-up and impact of this funding is recorded in the pupil premium budget.

## Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils.

Challenge number	Detail of challenge
1	Need arising from Pupil Premium pupils who also have a Special Educational Needs. The school continues to have a 'Well Above Average' proportion of EHCP pupils (4.2%). We have a number of Pupil Premium children who have ADHD or social communication disorders as well as pupils with SEND needs who do not have funding attached but who require additional intervention to progress.
2	Social, emotional and mental health need arising from contextual issues and/or exacerbated by the impact of gaps in learning as a result of interrupted schooling in pre-school/KS1 which has led to increased anxiety; attachment disorder; detrimental behaviours; lack of resilience for learning.
3	The 'early skills gap' - the impact on younger cohorts (EYFS, Y1 and Y2), and Pupil Premium pupils especially, who have missed/have gaps in early literacy (language development / reading / phonics / motor skills development) and basic number skills.

## Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
To improve phonics, vocabulary and listening skills in EYFS and Key Stage 1	<ul style="list-style-type: none"><li>- To maintain higher than national phonics screening scores in Y1</li><li>- Evidence of children using phonics successfully in reading and writing as evidenced in book scrutiny and guided reading assessments</li></ul>
Improved reading attainment for KS2 Pupil Premium pupils at the end of '25/'26.	<ul style="list-style-type: none"><li>- KS2 Test (Year 6) Reading Test data for Pupil Premium pupils - above national</li><li>- Y3, Y4, and Y5 percentages above 60% at EXS.</li><li>- <i>Test outcomes in 2024/24 show that 61% of disadvantaged pupils met the expected standard. (Link – National Disadvantaged Outcomes End of Key Stage 2 2023/24)</i></li></ul>

	<i>*[awaiting 2024/25 data]</i>
