

Mission 3

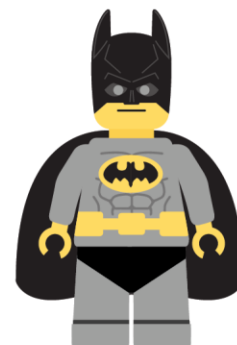

Wow!

Your superhero outfit designs look amazing and your superhero names are great. We're very glad you are on our superhero team!

Your third mission is to make a mask to wear when you are being a superhero. Look at your design and think about the colours that you have chosen before you start making.

Can you make any other parts of your outfit? Think about the materials you could use to make a cape or some wristbands.

Send a photograph of you wearing your mask or outfit to Mission HQ (the school office) and we will put it on the school website in our Superhero Gallery.
