

## Autumn 2 Homework

### ART

Create an autumn mosaic. How you create your mosaic and what you use is up to you!

### MUSIC

Choose a piece of music that you love. Draw a picture as you listen to it and add words to your drawing. Think about the

- musical instruments you can hear
- tempo (the speed of the music)
- style (the type of music)

### HISTORY

What did the Romans do for us?

The Romans were skilled engineers and architects. Create a poster to showcase some of their inventions. You might want to research: aqueducts, underfloor heating, straight roads...

[What did the Romans do for us? - KS2 History - BBC Bitesize](#)

### LITERACY

Write a biography of someone you know really well. Use subheadings to help you organise your writing.

- Early Life
- School Days
- Significant Event

### PE

Watch this video from the Youth Sports Trust:

[Balance Time - YouTube](#)

Have a go at creating a sequence of 3 balances - one on your back, one on your tummy and one on your hands and feet. Remember to keep each balance as still as you can for at least 4 seconds!

You could ask someone to film your sequence or to take a photo of each balance. Send these into us at [y4@elystjohns.cambs.sch.uk](mailto:y4@elystjohns.cambs.sch.uk)

### PSHE

Think about the following statements...

"We look after each other." (the EJ Way)

"In a world where you can be anything, be kind."

Consider ways to be kind to people and look after others - write these down to share with us.
