

TASK

Building on the Ben Day dot technique, write out a 3D word (a 'sound' works well e.g. BANG!, POP!)

When you're happy, use a black pen to draw round the outline. Some parts of the outline may need to be thicker than other parts. Then create some explosions around the word so it looks like is jumping out of the page.

Try experimenting with solid colours and Ben Day dots. Stick to only 3 colours. Some of your sections could use thicker Ben Day dots than others. Be creative!
