the great fire

2nd of September
1666 a great
fire began.
It started
when a tiny
candle caught
light to a
small bakery
padding lane.
There was a
scorching fire

that spread
so quickly
the burning
flames were
burning the
houses to
the ground
people
were dying
because
thick black smoke

because it
was everywhere.
the fire
spread so fast
to house - London
had to re
build house
because London
was destroyed.
The house
were pulled
because the
fire was spreading.
After 4 days
the fire went
out and London
was destroyed.

London's

fire

downside

London fire started
last night on roadside
fire went out of control
lots of houses had to be
demolished but the fire
did not spread to the
school!

A local news said
their ~~see~~ seems nothing
we can do but look have
been ~~reported~~ by the news!

In the morning
London ~~about~~ E parts
after ~~about~~ to be
the ~~known~~ police
went to find
his ~~about~~. ~~about~~ moved
home!

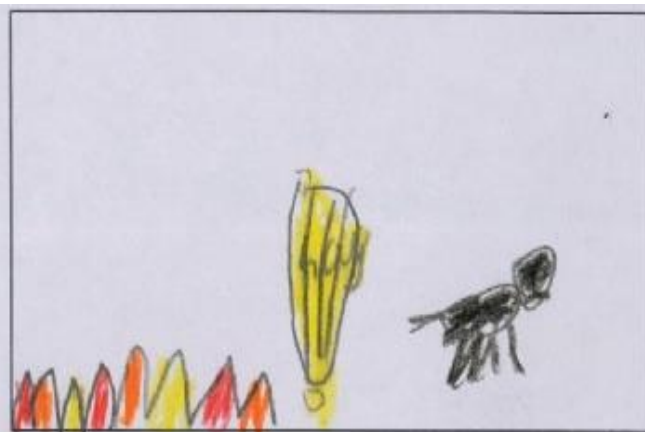

A small fire had been or-

The huge fire began early
in the morning in the
morning in a tiny
bakery on pudding
lane owned by
Thomas Farriner.

He's forgotten to
put out the fire
in his oven the night
before.

It did happen in
Thomas Farriner's
beautiful London's
amazing best
bakery.

It happened on 2nd

It sparked the
ignited hay in
a next door.

Thomas Farriner
said I don't know
how this happened.
A fireman said I
will try my hardest
to put the fire
out. Samuel Pepys
said that is a bad

SPACKS WILL LIKE OF London

SPACKS were
singing all over
the place
because the
old word was
to change
People were
crying to the
other lens
because the
side was getting
closer and
closer. People
were entering
the houses
so that the
side stopped
screaming.

On 2nd of September
September a great
side started.
In the house
house is a house.
Second September
a big spark
got side in a
small wooden
house.

London was
back to the
beginning, screaming
side and
People were
crying like
crazy. The
houses were
moving houses
because the
screaming side was
going to explode.
