

**Ely St. John's Primary School**  
**Weekly Learning – Year 3**  
**WB 15<sup>th</sup> June**  
**Topic- Geography**

We have been following Tom's journey to Africa in 'The Boy Who Biked the World.' If you haven't seen the most recent videos, you can find them here:

Chapters 3 and 4: <https://youtu.be/iGOtpgmBM9w>

Chapters 5 and 6: [https://youtu.be/Ty\\_5Sz9zCkA](https://youtu.be/Ty_5Sz9zCkA)

In the latest chapter, Tom travels through France. We would like you to do some geography work on rivers and mountains in France.

Can you find the rivers and mountains that are listed below, and put them on the map provided? (See separate sheet)

Keep your work really neat, and label all the rivers and mountains carefully.

<b>Rivers</b>	<b>Mountains</b>
Seine	The Alps
Dordogne	Mont Blanc
Loire	Jura
Rhône	Pyrenees
Garonne	Massif Central

EXT:

1. Can you add the seas and oceans to your map?
2. You could add an interesting fact about one of the rivers and mountains.  
You could write an interesting 'Did you know...' piece of information on your worksheet.  
What can you find out?

Here is a website that offers some information about rivers and mountains in France:

<https://www.oddizzi.com/teachers/explore-the-world/country-close-up/case-study-france/landscape/physical-features/mountains/>
