

# Ely St. John's Primary School

## Weekly Learning – Year 3

**WB 1<sup>st</sup> June**  
**Topic- Geography**

We hope you enjoyed learning about the creatures of the rainforest last time...did you create an amazing new rainforest creature? We would love to see them!

This week you are going to be thinking about a very serious problem happening in the rainforests- deforestation. You will find out lots of information, then design a poster to warn people about this problem.

- 1) Look at the 'Deforestation' power point screens.
- 2) Watch this video to find out a little bit more about the problem of deforestation.  
<https://www.bbc.co.uk/bitesize/clips/zfp34wx>
- 3) You could also do some of your own research too for extra information on your poster.
- 4) Design your poster to tell people about the problem of deforestation. Make sure you include:
  - A title
  - Pictures
  - Text boxes of information
  - Explain what the problems are and how people can help with the problem of deforestation.
