

Year Two Weekly Newsletter

Week Ending: Friday 14th of October 2022

Dear Parents and Carers,

This will be our final newsletter for this half term. Thank you for your continued support and we hope you all have a relaxing break. The children seem tired and deserve a well-earned rest.

Literacy We will write a recipe for making flat bread. We will include a heading, ingredients and the method. When we write the cooking/baking method, we will use time connectives, imperative verbs and adverbs.	Numeracy We will continue to work on addition and subtraction, comparing number sentences and looking at number bonds.	Topic Finishing off activities related to our Library topic. We will visit Ely Library and bake flat bread outside in the allotment.
--	--	---

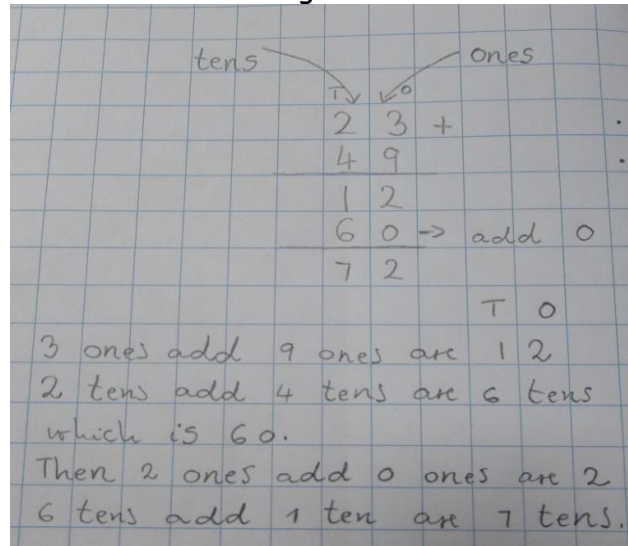

Homework

Please complete homework in the homework book and make sure your child hands it in no later than Wednesday each week. Marked books will be returned to them on Friday each week.

Reading Please read with your child regularly and fill in the reading chart.	CLIC Learn-its Our learn-its are: $7 + 4 = 11$ $8 + 4 = 12$ $9 + 4 = 13$ $8 + 3 = 11$ $9 + 3 = 12$ We will change the learn-its after half term.
Spelling Children will have their next spelling test on Friday (21 st of October). These are the words they will be tested on: water, once, finally, after, many	Numeracy activity: Children have taken home a sheet with 4 additions using column method. Please ask your child to solve them and record it as column method. In case you have not had the sheet, here are the additions that need solving (26+15, 39+29, 67+24 and 48+32). Below is a little explanation to parents with an example. <ul style="list-style-type: none"> It is very important that the one digit goes under the one digit and the ten digit goes

under the ten digits when recording the numbers. Use the squares in the book to record correctly each number.

- Always start adding the ones together first.
- Then add the tens together.

Additional Homework Activities

Please note that these activities are optional:

1. Go out into nature - you could simply go into your garden or for a walk - and look for a habitat of a living creature. Take a photo of it or draw a picture to put into your homework book. As an extra challenge, can you write about what you have found?
2. Talk to someone older than you, a parent, a grandparent or a friend. Ask them what their house was like when they were growing up. Did they have everything that you have in your house now? What was different? What was the same? Together, write down some of the conversation.
3. Listen to Vivaldi 'The Four Seasons'. You could listen to all four seasons over the week or just choose one to listen to. In your Homework book, create some art of what your favourite season reminds you of.
4. There are some children in the world that have no habitat, no home. Imagine you are one of them. How would you feel? What problems would you face? Have a conversation about this with someone and jot down your thoughts.
5. Go onto this website: <https://www.ictgames.com/mobilePage/index.html> and play some of the maths games.
6. Choose something to draw with a pencil and colouring pencils. It could be anything: a tree, a flower, a toy. In your picture try to use shading with your pencils, pressing harder for a darker colour and softer for a lighter colour.
