

Spring 2 Homework

FRENCH

Revise the months of the year and the four seasons. Divide your page into four sections and label one section l'hiver (winter), another section l'été (summer), the third section le printemps (spring) and the final section l'automne (autumn). Write the correct months in the correct section so that they match the seasons. Finally, draw a seasonal picture in each of the four sections.

PE

Take a healthy selfie - you could be...

- Cooking a healthy new recipe
- Making up a new active game
- Teaching your pet a new trick
- Setting a personal best in skipping, keepy uppy, bouncing a ball
- Going on a walk, run, bike ride or scooter ride
- Doing some gardening

ART

Use natural objects such as sticks and stones to make a design or picture on the ground (see Andy Goldsworthy's pictures). Take a photograph of it if you can and either print it out and stick it in your book or send it to our Year 4 email address y4@elystjohns.cambs.sch.uk

LITERACY

Write and illustrate a poem about spring. Think about all the changes that happen in nature at this time of year.

There are different kinds of poems - acrostic, haiku, narrative... Choose the kind of poem you want to write and then decide whether it rhymes or not.

MUSIC/DT

Design a musical instrument from recycled materials. Draw a labelled diagram and list the materials you need to collect to make it. Make your musical instrument and take a picture of it to send to us.

GEOGRAPHY

Choose a mountain or volcano and find out as many interesting facts as you can about it. Create a fact file - include illustrations as well as information in your fact file.
