

Curriculum Tasks

Please choose 2 tasks for week 1 from the options below. The tasks may take more than one day to complete.

<p>Topic Choose a volcano and research it. You can present your research however you like. You could make a booklet, a poster, write an information text or do your own idea.</p>	<p>Music The West End show The Wind in the Willows is being streamed free of charge. Please watch the show (you might want to do twenty minutes per day rather than watch it all in one sitting, but that's up to you). https://www.willowsmusical.com/</p>
<p>Art Create a dramatic and colourful volcano picture. You can do this in any way that you want. You could create a collage or use paints, felt tips, natural materials, crayons or anything else that you might have at home.</p>	<p>RE Create a comic strip about the Easter Story. We learnt about comic strips earlier this term. Remember that caption boxes and speech bubbles are used to give the reader important information about what is happening.</p>
<p>Science Research how to look after your teeth. Create a poster advising people how to best look after their teeth. Include lots of top tips!</p>	<p>Outdoor Activity Create a dance routine with lots of flight (jumps) in it. Explore different ways of jumping – big, small, high, low, can you use anything to help you jump higher? Can you travel when you jump and can you stay in the same place? You can use music if you would like to. If you can, perform your dance routine to someone.</p>

<p>French</p> <p>Create a 'clothes' picture with as many different types of clothing on as you can think of. You might draw your pictures or cut out images from magazines or maybe you have a different idea. Label all the items of clothing in French.</p> <p>If you can't remember the French word you will need to research it.</p>	<p>Design and Technology</p> <p>Build the tallest tower possible!</p> <p>Choose your materials carefully. Think about how you are going to construct it before you begin. You could use Lego, stones, sticks, toilet roll... it is up to you. Can you build a tower that is even taller than you? If possible, ask someone to take a photo of your tower as we would love to see it!</p>
<p>PSHE</p> <p>Spend some time thinking about how you can look after yourself during this strange time. Talk to your parents or carers about what you will do each day and how your day will be structured. Make sure you get some fresh air everyday and try and keep active. At school you would have lots of time to run around at break time and lunchtime. How can you ensure you get some run around time at home?</p> <p>Make yourself a list of things to do each day that will make you happy.</p> <p>Your list might include</p> <ul style="list-style-type: none"> - Time outside - Time to talk to friends on the phone or maybe via Skype/Facetime - Read a book - Do a favourite activity - Bake - Lots of other things that make you happy! <p>Decorate your list and put it somewhere where you will see it every day to remind yourself to look after yourself.</p>	<p>ICT</p> <p>Spend some time exploring Purple Mash.</p> <p>Play a game or two but also explore the different tabs. There is lots on there that you might not have discovered yet.</p>
