

Marvellous Maths

Week Beginning 18 May 2020

Everyday warm-up: Practise counting in 1s to 20 and then counting in 2s to 20 with an adult.

Note to parents and carers: You might like to start your maths learning this week by watching the song for the day at Cbeebies <https://www.bbc.co.uk/cbeebies/curations/days-of-the-week>

Day	Activity
Monday	<p>Have a look around your house. How many things can you find that are used to measure or show the time? It could be a kitchen timer, a clock, a display on the TV screen. What numbers do you see? Talk to an adult about the items you have found – find out their names and how to use them. Choose one item to help you time a minute and then take part in the 'One Minute Challenges' that are below. Try again but this time the challenge is 2 minutes long. Do you think your result will be different? Why?</p> <p>Extra challenge: make a list of other words that we use when talking about time.</p>
Tuesday	<p>Watch the video on the website to find out about how we show o'clock times on a clock. The PowerPoint is on the school website if you want to look at it again. There are some clocks below showing the times that different things happen in school. Read the clocks and tell an adult what time they are showing.</p> <p>Extra challenge: Make a pretend clock or watch. Think about how you could make the hands move. Use your clock to show different o'clock times OR print the clock challenge on the school website, read the time and draw the hands onto the clock. Think carefully about which numbers the long and short hands need to point to.</p>
Wednesday	<p>Ask an adult to search online for 'Twinkl Go login' and enter this code: RC9832. Help Mr Wolf reach his dinner by reading the times on the clocks. Look carefully to see which number the short hand is pointing to.</p> <p>Extra challenge: Play the jigsaw game in the Twinkl Go resources to find out more about different types of clocks.</p>
Thursday	<p>Sing the 'Days of the Week' song. Ask an adult to write the days of the week onto pieces of paper. Use the song to help you put them in order. What day is it today? Use your days of the week to find out what day it is tomorrow. What day was it yesterday? Check with an adult. Use your days of the week list to solve the problems below (ask an adult or older sibling to read them to you).</p> <p>Extra challenge: Think of your own days of the week problems. Write them in your book for your friends to solve when we are back at school.</p>
Friday	<p>Morning, Afternoon, Evening and Night. These words are used to describe different parts of the day. Think about the activities that you do during the day. When do they happen? Do you eat breakfast in the morning or the evening? Do you sleep at night or in the afternoon? Some things, like brushing teeth, might happen twice in a day. Talk to an adult about when you do different things and record them in the table below.</p> <p>Extra challenge: Look at your list of 'morning' activities. Think about the order that they usually happen. For example, do you get dressed before or after breakfast? Draw pictures to show your morning routine.</p>

One Minute Challenges!

How many times can you...	1 minute	2 minutes
do a star jump?		
crawl across the floor?		
throw and catch a ball?		
write your name?		

Think of your own challenges for the last two boxes.

Telling the Time: Our Day at School

Phonics happens at...

We are busy learning at...

We go to lunch at...

We sit together for the register at ...

We are busy with challenges at...

We go home at...

Days of the Week Problems

Write your answer in the box or in your book.

1

Today is Tuesday.

Tim Tiger is going swimming tomorrow.
What day is he going swimming?

2

Today is Friday.

Yesterday, Miss Lloyd went to Costa.
What day did she go to Costa?

3

Today is Saturday.

Tomorrow, Mr Meek is going to the supermarket. What day is he going?

4

Today is Monday.

Sid the Sausage Dog went to the park yesterday. What day did he go to the park?

5

Today is Sunday.

Tim and Sid played football yesterday.
When did they play football?

6

Today is Wednesday.

Mrs Sutcliffe will be singing tomorrow.
What day will she be singing?

Times of the Day

Print this sheet or draw your own boxes. Record your daily activities in words or pictures.
