

WB 1.3.21

Year 3 Maths- perimeter

This week you will be learning about measuring perimeter, which is something new for Year 3.

Watch the videos for each lesson, then work through the questions on the sheets. If for any reason you can't access the video, the PowerPoint presentations are also on the website. The exception to this is Thursday's lesson, where the presentation can only be viewed on the video lesson.

Monday

Addition and subtraction of lengths.

Tuesday

What is perimeter? Measuring perimeter.

Wednesday

Calculating perimeter, including finding the missing measurements in order to calculate the perimeter.

Thursday

Design and dream house and calculate the perimeter of each room.

Friday

Solving problems using perimeter.
