W/B 21.6.2021

Dear parents,

We are sorry to have had to cancel the school trip at such late notice. The children were a little disappointed but we explained that the visit will go ahead on Thursday the 24th of June. They were soon very excited again! Please refer to the letter that was previously sent, for all the useful information about what children will need on the day.

We were delighted to receive a photo of the children's work that we completed to be part of an exhibition at Ely cathedral. Please go along and visit and see your child's work on display. The work will be on view from Saturday the 26th of June.

Here is a picture of some of the work you will see.

In Literacy:

We will be learning about space, reading and writing facts.

In Numeracy:

We are focusing on addition. We will revise adding along a number line and solving addition word problems.

Homework:

A separate homework grid has now been sent out. Please complete at least 3 homework tasks this half term. Last day to return the completed homework is Wednesday the 14th of July.

CLIC:

Making number bonds to 20, building on our knowledge of number bonds to 10. If $1+9=10$. I change one of the numbers in the number sentence into a teen number, and will create a number bond of 20. Such as $11+9=20$ or $1+19=20$
