

Maths : Monday 27th April

Length

L.O. I can measure length using centimetres and millimetres

Remember- $10\text{mm}=1\text{cm}$ Try to learn this measurement fact!

For today's job you will need a ruler and a pencil.

- 1) Draw 5 lines in your book. Measure them accurately and write their length in cm and mm.

CHALLENGE- can you convert your measurements to mm?

If you want to try some more measuring have a look at this game on Top Marks.

<https://www.topmarks.co.uk/maths-games/measuring-in-cm>

- *  What unit of measurement would you use to measure these real life objects? Millimetres, centimetres or metres?

Fingernail

Eraser

Pencil

Height of a house

Length of a playground

Length of a table

**

-  What is the length of each pencil?

Whitney's ruler is broken.
How could she use it to still measure items?

Tommy thinks that this chocolate bar is 4 cm long.
Is he correct?

Convince me.
