

Thursday 4th February 2021

LO: To increase fluency and use of positional language to solve problems.

Challenge 1

I can follow the clues and colour the shapes.

The rectangle on the **left** is orange.

The oval on the **right** is blue.

The cone **above** the square is green.

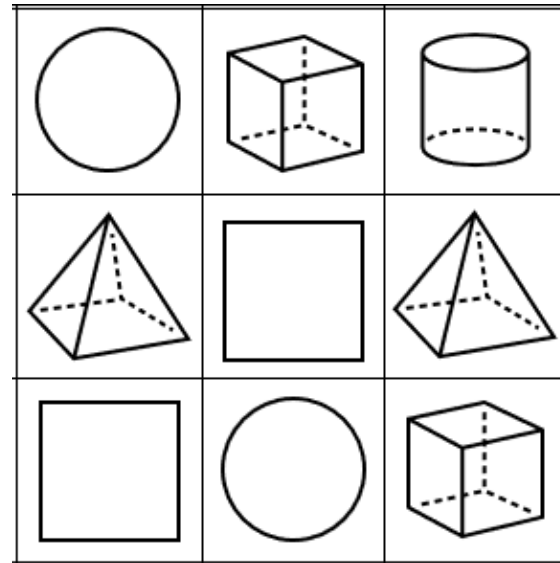

The cuboid on the **right** is purple.

The square **between** the rectangles is pink.

The cone **below** the square is red.

Challenge 2

I can follow the clues and colour the shapes.

The pyramid on the **right** is red.

The circle **below** the square is yellow.

The cylinder **above** the pyramid is green.

The square to the **left** of the circle is blue.

The cube **between** the circle and cylinder is orange.
