

**Samuel:** We have organised this assembly to tell you and encourage you to become a school council representative.

**Poppy A:** All the school council members were given a survey from Mr Aston to see how their classes liked lunchtimes.

**Joe:** We had a meeting with Mr Aston to talk about the results of our survey. I really liked the meeting with Mr Aston. It was not scary. It was actually a lot of fun.

**Izzy:** We put comments on displays in school. So the artists of the displays can see what other people think of their work. I liked commenting on other people's work and seeing them.

**Poppy W:** Us, the school council, have thought of lots of charity days throughout the year. We had lots of ideas. We also raised money by having an extra playtime this term. I liked all our events, especially World Book Day.

**William:** At the Christmas Fayre we sold 107 sweet cones. It was really fun! It took ages to pack them, but we got to eat the rest.

**Josh and McKenzie:** We spent our raised £278.50 on a quiet reading zone. We bought beanbags and panda reading buddies for all of us to use in the library.

**Luke:** World Book Day on 2<sup>nd</sup> March was fun. Next year I think it would be more fun if we did different things on World Book Day and not always keep it completely the same.

**Fin:** Mrs Pitt asked for our help. She wanted us to find out what ESJ people thought what made up a healthy lifestyle. We made a quiz to ask our class during class council.

We also ran a stall at the Summer Fayre. It was 'Pot of Luck'.

**Samuel:** Finally we went out of school to deliver letters to neighbours about....

**Zoë:** ... the 25 Year Anniversary picnic.
