

Turning Maze

I can turn through a quarter turn, half turn, three-quarter turn and full turn, understanding the relationship to a 90 degree right angle.

I can use clockwise and anti-clockwise correctly to describe turns.

Can you give turning instructions to help the robot escape the maze?

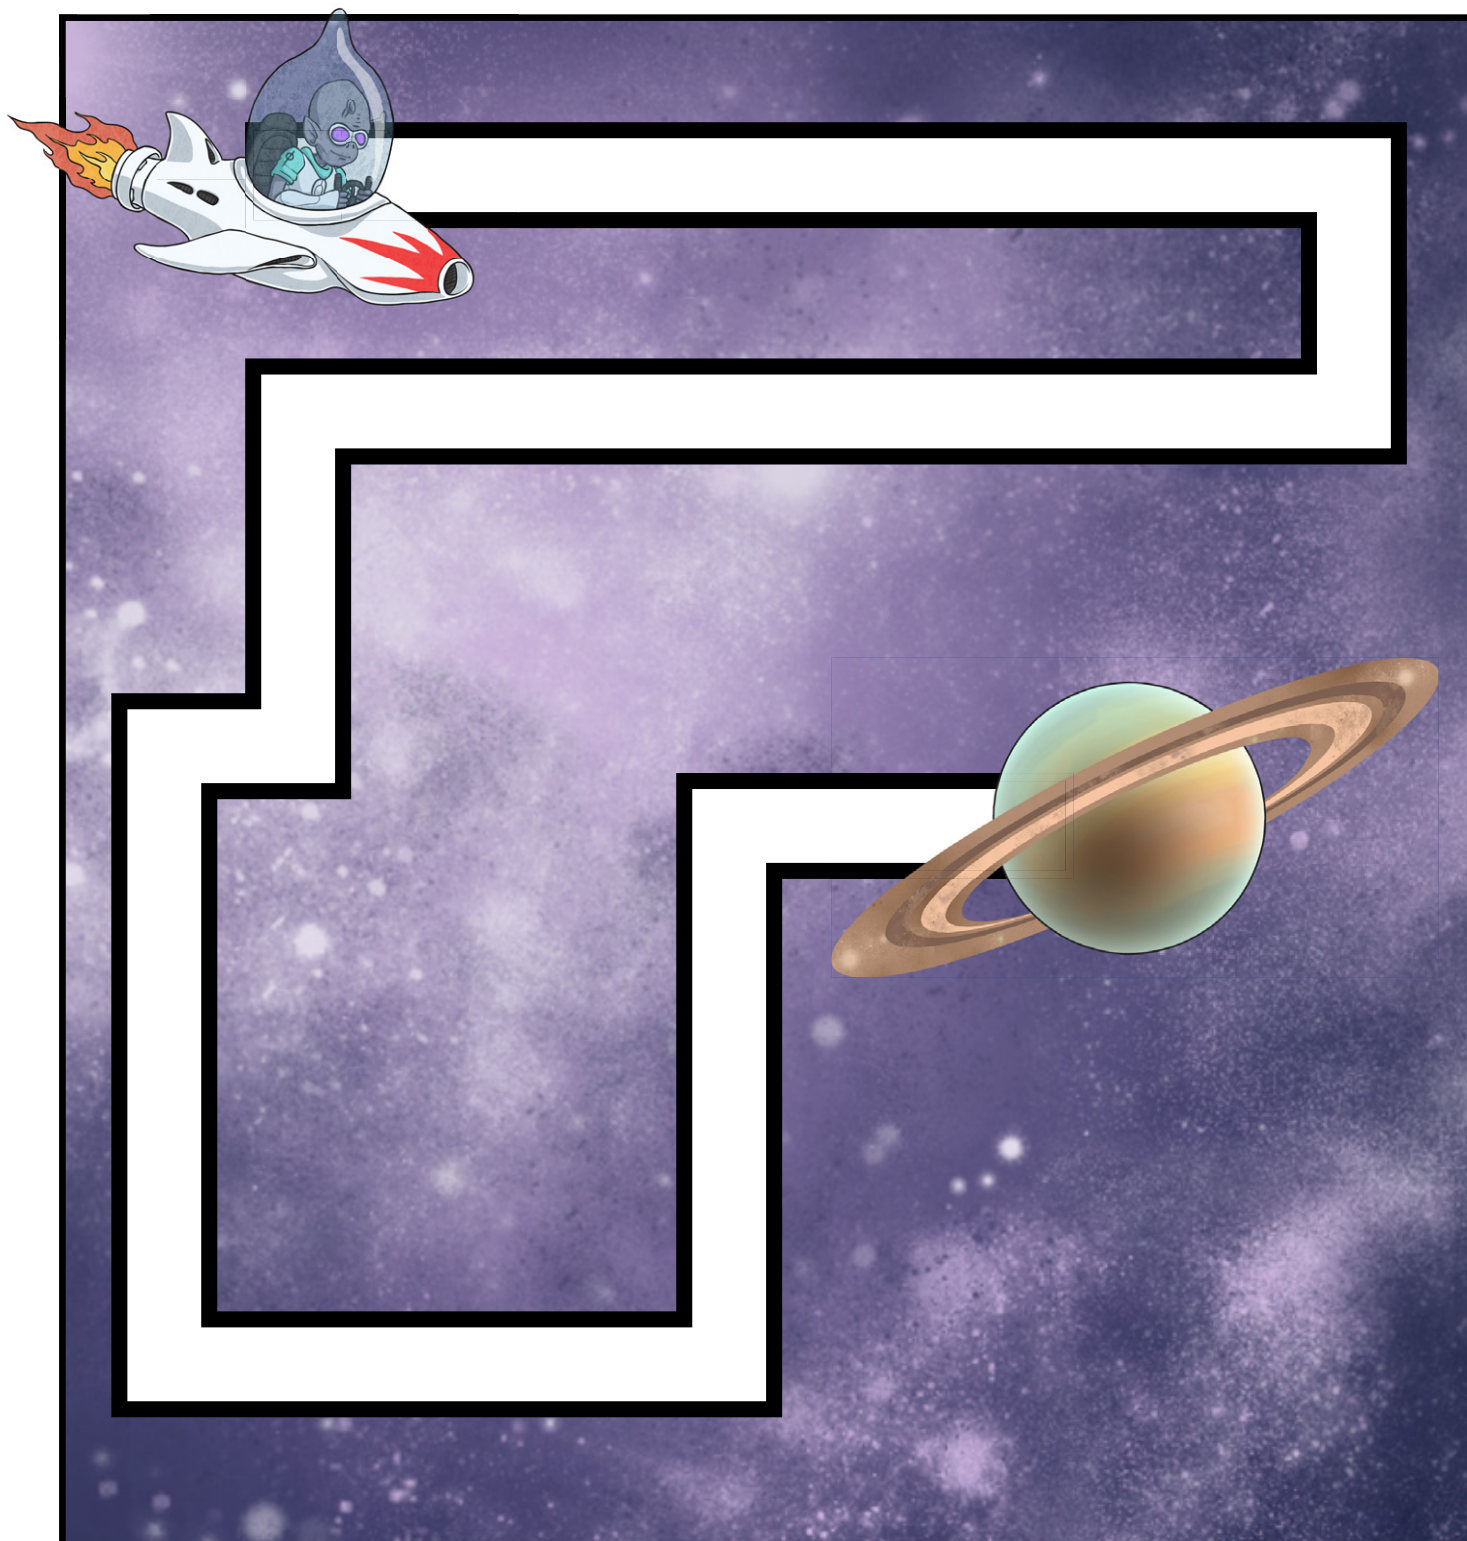

Turning Maze

I can turn through a quarter turn, half turn, three-quarter turn and full turn, understanding the relationship to a 90 degree right angle.

I can use clockwise and anti-clockwise correctly to describe turns.

Can you give turning instructions to help the alien escape the maze?
