Dear Parent(s),

I am delighted to offer classical guitar lessons to Ely St. Johns' pupils.

I played classical guitar professionally for 20 years and have been teaching it for thirty. Before that, I was a fully qualified and experienced classroom teacher. I also trained as a Psychologist, conducting research among children and their families for ten years.

I have successfully built up several teaching practices over those years, most recently at Queen Edith/Emma Primary Schools in Cambridge & Isleham Social Centre near Ely. I possess a current Police Check Disclosure Certificate. I take children in groups of three for a fee of £9-00p per lesson. (Pupil Premium Funding is available, please contact the school for details). They will learn to read music and to play together. Children do seem to enjoy my lessons enormously. Guitars cost around £50 min. and I will be pleased to advise on their purchase.

7 is the best age to start guitar but if your child is younger & interested in learning, please still put their name forward. If your child is Year 6, I can offer continuity of lessons once they leave Ely St Johns.

If you would like your child to receive lessons kindly complete the slip below and return it to the School Office by Friday 27/5/22,

Yours Faithfully,

Gordon Scott, Cert. Ed., BSc., MA.

I am interested in my son/daughter_____(Name)

having guitar lessons in a group of three at £9-00p per half hour lesson.
