

# Weighing Objects

Make up a lunch that weighs exactly **800 g**. Draw it on the plate and label the items.  
No more than two of any item in your choice.  
Show how the items total 800 g in weight

objects	mass of objects (g)

Lunch Item suggestions	
sandwich	150 g
crisps	25 g
apple	250 g
banana	175 g
cake	50 g
Penguin bar	75 g
orange	200 g
drink	350 g
