Jewellery, apart from a watch, should not be worn in school. Girls who have pierced ears should only wear studs. These need to either be removed at home, or by the child in school, on days when PE takes place. Teachers will use their own discretion, if the child is wearing earrings which they are unable to remove, to decide if the activity is dangerous for the child to take part in and they will sit out of the session. Ears will not be taped.

Autumn term topics
