

Ely St. John's Primary School

Weekly Learning – Year 3

WB 22nd June 2020
2D and 3D Shapes

Monday:

LO: To draw and describe 2D shapes.

You are going to start your shape work this week by looking at the properties of 2D shapes. Work through the PPT then have a go at the activity sheet: Drawing 2D shapes.

EXT: Recognise and Describe 2D shapes.

Tuesday:

LO: To describe 3D shapes.

Today you are going to be looking at 3D shapes. Work through the PPT then complete: Describing 3D shapes.

EXT: Recognise and Describe 3D shapes.

Wednesday:

LO: To draw and describe properties of 3D shapes.

Today, go round your house and garden on a 3D shape hunt.

Draw and label the shapes you find. Think about the name of the shapes, and how many edges, vertices and faces your shapes have.

Thursday:

LO: To make models of 3D shapes.

You are going to make some alien 3D shapes! Use the nets to create your very own pet alien. Give them a name and describe their properties. Think about their faces, edges and vertices.

Friday:

LO: To recognise 3D shapes in different orientations.

Work through the PPT then complete: Shape Detective.

Then have a go at Shape Search. Identify and colour in the 3D shapes according to the key.
