

Literacy session 1

1. Explore some poems in books at home or online. This website has a bank of children's poems to listen to <https://childrens.poetryarchive.org/>

Read them by yourself or with some help and look out for rhyming pairs and adjectives (describing words). In your home school book, make a list of rhyming pairs and adjectives that you can find. You could make a table like this...

Words that rhyme	Adjectives
see/me hear/dear strong/long	bright green fluffy

Talk about: What was your favourite poem? Why did you like it? Were there many rhyming words and adjectives?
