

# Daily Handwriting Practice

This week our handwriting is the ad join.

It is tricky to show you the correct join on the computer. Before you start, have a look in the 'Handwriting book' and find our join. Look at where it sits on the line, what size the letters are and how they are joined together.

## Monday

Write out two lines of the join. Remember to leave a finger space in between each join.

For example: ad ad ad ad ad ad ad ad

## Tuesday

Write out the join 5 times and make a list of 10 words with the join in them.

For example: ad ad ad ad ad

addition, bad, badger, adapt, adjectives

## Wednesday

Choose three of your words from yesterday. Write three sentences that include each of your words in them (one sentence for each word).

For example: In year 4 we learnt a song about nouns, verbs and adjectives.

## Thursday

Invent 5 new words, these words must all have our handwriting join in them.

For example: adet, gaddap, fradut, adsong, madgine

## Friday

Write a definition for each of your made up words.

For example: Madgine - the noise that car windscreen wipers make.
