

## Year 1 Newsletter

W/C 19.10.2020

Dear parents,

This will be the final newsletter before half term starts. Children have enjoyed our Super Me! topic and we loved learning alongside the children. Our topic next half term is: Into the Woods.

Polite reminder: it is extremely important that you hear your child read on a daily basis. Please find 10 minutes at least each day to read with your child. Thank you.

As the weather is getting wet, please encourage your children to learn to zip/button up their own coats. We go outside even in the rain.

On the website you will find a Remote Learning Pack. Please complete the activities daily if your child is isolating but is feeling well. This resource will be updated regularly and we will be checking the children's work when they return to school. (Please have the completed work ready in books and some activities can be emailed to us) By the end of next week, the children will take home their Remote Learning Book along with some useful resources to help them learn at home during isolation. The work is not there as extra homework but as a resource for home learning if isolating.

### Homework

Thank you for the amazing homework. Keep up the good work next half term! 😊

#### Reading

Please continue to read with your child daily and sign their green reading record book so we know that their book has been read.

#### CLIC Learn-it's

$2+8=10$  and  $8+2=10$   
 $7+3=10$  and  $3+7=10$   
 $0+10=10$  and  $10+0=10$
