

How could you leave those beautiful birds lifeless on the ground.

Shooting animals is completely pointless.

The boys were full of excitement.

Why are you killing ducks?

It is a brainless and mindless thing to do?

do you really get enjoyment out of killing helpless animals?

The Gregg family happily killed the ducks.

How would you feel if the ducks shot at you?

the ducks are sweet and harmless creatures

Please can you stop being so thoughtless and selfish?

why can't you stop shooting animals?

The girl thought that the Gregg family were brainless.

What will we eat and where will we sleep.

The gregg family quickly built a nest.
