

Pictionary Words

This is a great game for testing the children's drawing skills and practising vocabulary.

Print, cut up and put these words in a drawstring bag / concealed box. There is a blank table left underneath so that you can insert some of your own words.

- Ask the children who have been nominated as the artist from each table to come and pick a word from the Pictionary bag / box one at a time.
- The artists keep the word a secret from their table. The artists are not allowed to speak!
- Allow the artists one minute to use their whiteboard to draw their word.
- The rest of the table has to try and correctly guess what the artist's word is.
