

Scaling Quantities 2

This makes about 10 scones.

220g self raising flour
25g caster sugar
50g cheese
60g butter
120ml milk

Scale the quantities in the recipe up or down to make the new amounts of scones. Complete the chart with the new quantities.

| Ingredients | Two | Thirty | Fifteen | Twelve | Eight |
|-------------|-----|--------|---------|--------|-------|
| Flour | | | | | |
| Sugar | | | | | |
| Cheese | | | | | |
| Butter | | | | | |
| Milk | | | | | |

If I have 120g butter, how many scones can I make?

If I have 250g cheese how many scones can I make?

If I have 550g flour how many scones can I make?
