

Friday: English

Over this half term we are learning about different bears. On Friday, you will have a chance to write a fact book about the different bears.

This week, can you write about a spectacled bear? There is a very famous bear that is a spectacled bear. I wonder if you can find out who it is? Why are they called spectacled bears? What do they eat? Where do they live?

This is a link to a webcam at Edinburgh Zoo and San Diego Zoo. I have watched the pandas a lot more and I have seen the panda move and eat! In San Diego Zoo, I watched a polar bear!
