

A diagram consisting of four rounded rectangular boxes arranged in a 2x2 grid. Each box contains two horizontal lines, one near the top and one near the bottom, leaving a large central space. Arrows indicate a clockwise cycle: an arrow on the top edge of the top-left box points right to the top-right box; an arrow on the right edge of the top-right box points down to the bottom-right box; an arrow on the bottom edge of the bottom-right box points left to the bottom-left box; and an arrow on the left edge of the bottom-left box points up to the top-left box.
